## **Website Summary:**

Explore features and learn about T&Cs;: Please read your credit card application carefully to know about your card's features and associated Terms and Conditions. Also, if you have applied for Add-on cards, understand the added responsibilities that come with them such as who will manage the cards, pay bills and debts, etc. Understand liabilities: If your card has multiple users, know about the liabilities shared by secondary users. While some T&Cs; are similar on all cards, there are many others that may be particular to the ones you are applying for, so we recommend that you go through all of them. The information mentioned in small prints may have big impacts on your fee, charges and usage conditions.
